متن شماره 1:

A lot of people in the world live near rivers, lakes and seas. They use the water in them all the time. They use it to make food, wash their clothes and do their personal and daily needs. But often the water near these places is dirty. It contains small particle and dirt. All these small particles can cause disease. We need to be careful that we don't drink the water. It will cause diseases if we drink it.

If we want to drink clean water and eat enough healthy fish, we need to protect these resources. Certainly, we can do this by changing our lifestyle.

متن شماره 2

Last night I left work at around 9 pm. I came out of the office, most people had already gone. The street was very dark and quiet. I hadn't experienced such a thing before. I wondered: Who can it be? He waved at me and came out of the car. He asked if he could drive me home. Suddenly I remembered.

متن شماره 3

- Ok. Tell me about the picnic. What did you do?
- That was great, dad. We played volley ball and had a barbecue.
- Oh, come on! Did you do anything fun?
- Yeah, it was all fun. before we played volleyball. We had taken some photographs.
- Great! Did you do anything in the afternoon?
- Oh, something interesting! After we had eaten lunch, we flew our kites. That was fantastic because we had made the kites ourselves.

متن شماره 4

In American history, Benjamin Franklin was famous for his proverbs. Franklin lived in the 1700. He was a leader of the American Revolution against English rule. He was also a scientist, inventor and writer.

For many years, published a book called 'Poor Richard's Almanac". He included many proverbs that he had heard or created.

Some of them are still used today. Like this one: Early to bad and early to rise make a man healthy, wealthy and wise.

Franklin is also remembering foe other proverbs like, "A penny saved is a penny earned." This means that money should not be wasted.
